A. Register your final title and Keywords

All students must register/update the official WP final title and keywords before the delivery.

Field Lab groups must provide an original title for each student. **Titles must not be repeated among group members.** It is however possible to submit a general title shared by the group, as long as a different and specific subtitle is given.

Example:

Title student A: “Unilever Field Lab on Internationalization – the case of Ice Tea in Germany”;

Title student B: “Unilever Field Lab on Internationalization -the case of Ice Tea in Portugal”.

Area – Work project Members – select “Edit Title + Keywords”:

Important Notes:

- Title – avoid writing the entire title in capital letters
- Keywords - minimum of four keywords (maximum 250 characters)

After registering your Title and keywords, click on “**Save Changes**”.

B. Draft Report Submission - preliminary plagiarism report (highly recommended)**Submission period**

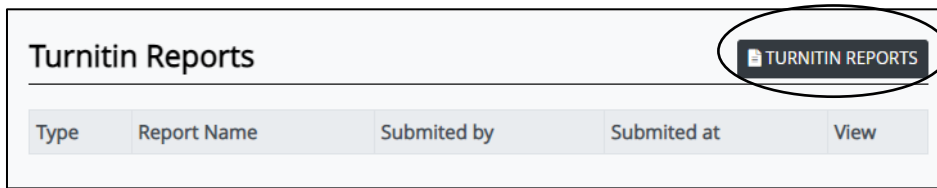

Students can obtain a plagiarism draft report one month prior to the final submission deadline. After getting it, you have the possibility to share the report with the Advisor for analysis. Depending on these preliminary results, students may be required to review their work.

Read the “Turnitin information for Students” - [appendix A](#)

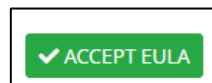

- During the submission period, it is possible to submit several draft documents (the platform only allows one submission per hour).
- Each submitted document will result in a plagiarism report.
- Students have the option to share each one of these documents with the Advisor:
 - a) Send an email to the Advisor as soon as you submit and share the report, informing that your Draft version is ready for review in the Faculty App Platform or
 - b) Download the report and send it directly by email to your Advisor.
- Students in FLs – all students from the group can submit draft versions of their reports (the final report will be submitted only by one member of the group (more instructions available below at Final Report section)).

To submit your Draft report:

1 – Click on “Turnitin Report”

2 – As a first step you are requested to agree with the terms and conditions of the **Turnitin End-User License Agreement** (Turnitin EULA). This step will be requested only once.

3 – Click on “Submit Document”:

4 – Ensure that you have the “**DRAFT**” option selected:

Below the dropdown menu, there is a 'Submission Title' text input field. Below the title field, there is a 'Document' section with a file upload button labeled 'Select file.' and a 'Browse' button. At the bottom right of the form, there are two buttons: 'CANCEL' and 'SUBMIT'.

5 – Give your document a Submission title

6 – Upload your Draft report and click on “**SUBMIT**”

7 – Confirm your submission:

Turnitin – quick guide for Students

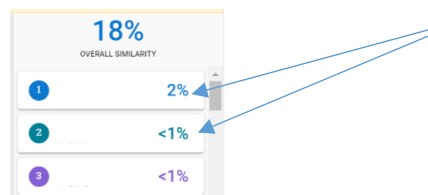

Turnitin (Tii) - What is it?

Turnitin - <http://www.turnitin.com/> - is the leading originality checking and plagiarism prevention service used by millions of Students and Faculty from thousands of institutions worldwide.

In a non-english document Teachers may use the “Translated matching”, a multilingual translation technology where texts written in a variety of over 30 different non-English languages are compared to Turnitin's massive content databases.

Starting TIPS:

- **Turnitin User Agreement** – Users need to agree to the Turnitin End User Licence Agreement (**EULA**) only once).
- **Work submitted** – all Files and Online Text accepted in the Activities with the Turnitin component added will go through Similarity checking.
- **Turnitin Report - created after submission:**
 - The submission may take a few minutes;
 - Students **may view their own “Similarity Report”** by clicking the “%” colored bar (similarity score):

- **Similarity score ranges**

Similarity Reports provide a summary of matching or highly similar text found in a submitted paper. When a Similarity Report is available for viewing, a similarity score percentage will be made available. Similarity Reports that have not yet finished generating are represented by a grayed out icon in the Similarity column. Reports that are not available may not have generated yet, or assignment settings may be delaying the generation of the report.

TITLE	SIMILARITY
Submission	0% 
Submission	6% 
Submission	43% 
Submission	58% 
Submission	80% 

The color of the report icon indicates the similarity score of the paper, based on the amount of matching or similar text that was uncovered. The percentage range is 0% to 100%. The possible similarity ranges are:

- **Blue:** No matching text
- **Green:** One word to 24% matching text
- **Yellow:** 25-49% matching text
- **Orange:** 50-74% matching text
- **Red:** 75-100% matching text

Plagiarism %

There is no reasonable % of plagiarism to be considered acceptable.

The use of Turnitin serves for the supervisor to analyse the report together with their students. The supervisor has the role of understanding if the % of plagiarism makes sense, if it is too high, and if there will be changes or corrections to be made (an author citation that may not be done correctly, for example).
